

NOTICE OF POSITION AVAILABLE

Aircraft Maintenance Engineer Apprentice (AME Apprentice)

Conair is Canada's most experienced specialty aircraft operations provider, delivering a comprehensive range of aerial fire control products and services to a variety of national and international customers and partners. Our long-standing reputation for providing service excellence makes us an industry leader.

People define Conair and we currently have an opening for a full time permanent AME Apprentice position.

Reporting to the Lead Hand, Base Engineer and/or Fleet Manager the AME Apprentice works in a supervised environment and performs aircraft maintenance, repair, inspection and modification as suitable to their level of experience.

In this role your duties will include the following:

- Supervised aircraft maintenance, repair, inspection and modification;
- Adhering to Conair safety regulation, policies and procedures while performing their duties;
- Acts as a team player while assisting fellow employees in the performance of their duties in a professional and courteous manner;
- Maintains the Conair O.J.T. log book and keeps the T.C. log book up to date;
- At the end of their apprenticeship program (in a timely manner) begin working towards acquiring a T.C. license;
- Accept field assignments that could require being away for long periods of time;
- Basic knowledge of Conair information technology system as related to their learner level.

We are looking for someone with:

- Knowledge of aircraft services and the maintenance required to assist in maintaining the aircraft in a serviceable and airworthy condition;
- Knowledge of safety measures required within the workplace;
- Ability to learn quickly and adapt to change;
- Ability to take instruction; listen and follow direction;
- Skilled in working with tools, sheet metal, and mechanical and power machinery;
- Ability to work professionally within a team environment while promoting and maintaining a positive work atmosphere;
- Knowledge of CARs as related to aircraft maintenance.

Training/Education:

- Grade 12 diploma;
- Diploma in Aircraft Maintenance;
- Mechanical experience or aptitude is required;
- Advancement based on satisfactory performance.

If you are qualified and interested in this position, please submit your resume to comework@conair.ca with **AME Apprentice** in the subject line.

Must be legally entitled to work in Canada (Canadian citizenship or permanent residency)
