

NOTICE OF POSITION AVAILABLE

Component Shop Apprentice (Temporary Position)

Conair is global leader in aerial firefighting, offering the largest privately-owned fixed-wing fleet of specialty aircraft in the world. Operating in Canada, the US, Europe, Australia and beyond, the organization provides a comprehensive range of aircraft, crew, maintenance, and training to support government agencies fighting wildfires. Our long-standing reputation for providing service excellence makes us an industry leader. And one of our strengths is our team, a group of professionals committed to safety and service.

We currently have an opening for a six month temporary Component Shop Apprentice position.

Reporting to the Component Shop Crew Lead, the Component Shop Apprentice is responsible for part cleaning, paint removal and preparation for inspection and NDT, overhaul and repair of aircraft components, NDT inspections, battery maintenance, calibration of tooling, general shop labor and supporting the fleet as required. This position will primarily be working in the Component Shop but may require maintenance on the aircraft or in the field.

In this role your duties will include the following:

- Overhaul, repair, inspection, and servicing of aircraft components;
- Inspection, testing and calibration of tooling and instrumentation;
- NDT inspections on a variety of aeronautical products;
- Lead Acid and NiCad battery maintenance;
- Part cleaning, paint removal and preparation for inspection and NDT;
- General shop labor as required;
- Demonstrate safe working practices and techniques. Ensure all measures are taken for a safe work environment;
- Perform all duties in accordance with Conair's Policies and Procedures and applicable regulations;
- Complete assigned tasks and related paperwork in a timely and accurate manner;
- Maintain currency as applicable to Conair Memos, Maintenance Bulletins, and notices;
- Gain and maintain knowledge of CARs as related to aircraft maintenance;
- Perform other related duties as required.

We are looking for someone with:

- Knowledge of all safety rules governing the work performed;
- Must have an intrinsic desire to continuously improve safety;
- Must maintain the requirements for a safe fit test of their respirator;
- Ability to communicate accurately and effectively with Crew Leaders, Lead Hands, and customers;
- Must have an intense desire to meet and exceed Conair's goals and objectives while being a professional team player;
- Exceptional interpersonal skills;
- Mechanically inclined.

Training/Education:

- Completion of grade 12;
- AME training an asset;
- Mechanical, Electrical or NDT experience an asset;
- Proficiency in Microsoft office products and computer skills.

If you are qualified and interested in this position, please submit your resume by October 4, 2021 to comework@conair.ca with **Component Shop Apprentice** in the subject line.

Must be legally entitled to work in Canada (Canadian citizenship or permanent residency)
